

Web Developer

Do you love innovative digital marketing environments? Would you like to help some of the world's biggest companies bring their brands to life in search and social media spaces including Google, Yahoo! MySpace and del.icio.us, in a fast-paced, award-winning agency?

iCrossing requires a Web Developer to help design and develop iCrossing's Web development offering by extending open source applications and developing from scratch. You will also assist in maintaining client's websites and building more complex functionality.

Main Duties:

- Design and develop web applications by both extending open source applications and building from scratch
- Constructing web sites from designs and wireframes
- Building more complex functionality for and maintaining existing client websites

Person Specification

Part of what makes iCrossing as successful as it is are the highly motivated people who work here and their enthusiasm for online marketing. We recruit individuals whose honesty, integrity, initiative and creative approach to problem solving shines through. An inspiration to your colleagues, you'll have passion and a commitment to getting things done while always placing the client at the centre of everything you do.

Skills, Knowledge and Experience Required:

- PHP development
- HTML, CSS and Javascript (including AJAX)
- Web application development using object oriented design – should have taken projects from concept to launch.
- SQL and relational database design experience preferably using MySQL
- Knowledge of Linux

Preferable Skills, Knowledge and Experience:

- Experience in other languages such as Perl, Python, and Ruby
- Worked with any of WordPress, Drupal, Joomla, CakePHP, Symfony, Ruby on Rails, Smarty Templates or similar applications and frameworks
- Systems administration of a LAMP (Linux, Apache, MySQL, PHP) environment

Company Information

iCrossing, formerly known as Spannerworks in the UK, is a global digital marketing agency that combines talent and technology to help world-class brands attract, engage with and acquire customers.

The agency connects digital marketing services – including paid and natural search marketing, social media and content, display and creative, user experience and web development – to create digital marketing strategies that deliver compelling brand experiences and unrivalled ROI.

iCrossing works with world-class brands including Coca Cola, HBOS, TUI and Virgin. Founded in 1997, the agency employs over 550 people worldwide with over 120 people in the UK.
